

## Bowery Safe as It Looked After the Visit of Burglars

## BOWERY ROBBERS BLOW UP JEWELRY SAFE; GET \$10,000

Watchdog Drugged While  
Suave Cracksmen Work  
With Electricity.

Diamonds and jewelry worth \$10,000 were the loot of a band of expert and daring cracksmen who blew open a six-foot safe in Herman Shapiro's jewelry store, No. 250 Bowery, between 9:30 and 11:30 last night. This estimate of the value of the stolen property was given out by Shapiro this morning.

Gloved robbers, highly skilled in the handling of explosives and the manipulation of electrical wires, committed the crime. The explosion and the fall of the heavy doors of the safe were muffled with comforts from a bed in a back room usually occupied by Benjamin Shapiro, a son of the proprietor.

Hundreds of pedestrians were passing the place while the robbers worked inside, and a "lookout" loitered near the door outside ready to signal should there be interruption. A policeman stood on fixed post hardly a block away.

TOOK CARE NOT TO LEAVE FINGER PRINTS.

"It was one of the neatest as well as one of the boldest jobs done in a long time," remarked one of the detectives assigned to the case. "Good here," he added, picking up a pair of gray suede gloves from the floor, "they took precautions to leave not even a finger print."

Beside the wrecked safe lay also a Jimmy, an electric flash light and a bundle of insulated wire. A bulldog, moored toward strangers, which had been locked in the store, was languid and apparently had been drugged.

Benjamin Shapiro said two men visited the store shortly before 9 o'clock and bought an alarm clock. They inquired what time he would close. Benjamin says he would know the men if he saw them and he will look over photographs in the rogues' gallery to-day in an effort to find their likenesses. There is no other possible clue.

Benjamin left about 9:30 to get his supper. There are two safes in the store—the one blown open, and another which contains about \$500 worth of jewelry. The one containing the more valuable property was not molested.

Benjamin got back about 11:20 o'clock.

He had left two electric lights turned on at the rear of the store. They were out. Nervously he turned them on and saw the safe wide open and the doors, swathed in his bedclothes, lying on the floor.

Herman Shapiro, who was summoned from his home, No. 42 East Ninetieth street, said a large part of the stolen property belonged to the Daughters of Jacob and was prized by the owners because it was brought from Europe.

The police think at least four men were parties to the crime—two working at the safe, one acting as a "lookout" at the front of the store and another trailing Benjamin when he went to his supper. A hammer lay just inside the store, against the front door. It is supposed that it was hurled against the floor till it struck the door as a signal to the lookout that the safe blowers had finished their work and were departing.

On Nov. 29 last an unsuccessful attempt was made to rob Shapiro's store by a youth named Jacob Fielder. The young man got into the place by a stepladder. He was cutting a hole through the second floor when a man on the opposite side of the street saw him and notified a patrolman. Judge Swann suspended sentence on Fielder, but the youth is now in the Tombs.

## New Method of Reducing Fat

Good News From Paris

A news item from Paris informs us that the American method of producing a slim, trim figure is meeting with astonishing success. This system, which has made such a wonderful impression over there, must be the Marmola Prescription Tablet method of reducing fat. It is safe to say that we have nothing better for this purpose in this country. Anything that will reduce the excess flesh a pound a day without injury to the stomach, the causing of wrinkles, the help of exercising or dieting, or interference with one's meals is a mighty important and useful addition to civilization's necessities. Just such a catalogue of good results, however, follow the use of these pleasant, harmless and economical little fat reducers. We say economical because Marmola Prescription Tablets (made in accordance with the famous prescription) can be obtained at any drugstore or the makers, the Marmola Co., Farmer Bldg., Detroit, Mich., for seventy-five cents the large case, which is a decidedly economical price, considering the number of tablets each case contains.

## The Modern "Ounce of Prevention"

Food particles are known to be infested with malicious microbes which attack and destroy the teeth and cause dangerous diseases of the mouth and throat.

The constant use of "ODOL" as a mouth wash means absolute immunity from this ever-present menace to your health.

Pleasant to the taste and delightfully refreshing, "ODOL" will also harden the gums and keep the teeth in a healthy condition.

There is nothing "Just as Good" as "ODOL."

Price 50 Cents.

GEO. BORGFELDT & CO.

NEW YORK CHICAGO SAN FRANCISCO

awaiting deportation, as he had only been in the country a few weeks when he tried his hand at burglary.

## SECOND SAFE BLOWN UP IN SAME NEIGHBORHOOD.

Another safe was broken into during warehouse of Kramer & Rosenberg on the night in the furniture and carpet store on the second floor of Nos. 124-127 Canal street. No dynamite was used, but a hole was bored in the door and then the cracksmen forced it open. Inside they found \$75 and a big bundle of checks.

Before visiting the carpet house the burglars broke into the ostrich feather storeroom of Max Stone on the third floor. They gained entrance to the building by a skylight in the roof and got into the Stone's place by sawing through the iron bars of a window leading upon a hallway. Seemingly they were experts in feathers, for they took only the finest plumes and left the inferior ones scattered about. Stone figures his loss at about \$200. The burglars left numerous finger-prints by which the police hope to get some line on their identity.

## INSANE, HE KILLS HIMSELF.

MIDDLETOWN, N. Y., March 14.—Joseph Schultz, a cattle dealer of Ridgebury, committed suicide late yesterday in the Middletown Sanatorium by cutting his throat with a razor. Schultz, whose mind was unbalanced by business troubles, had been in the institution only a few days.

After being shaved by an attendant he waited until the man had left the room, then seized the razor. Schultz had been prosecuted by the Federal authorities several times for shipping "bob veal" to New York. He was fined and sentenced to prison for six months in October, 1911, for this offense. He had considerable property.

## MARQUISE DU CROISIC, ONCE WEALTHY, DIES IN POVERTY, INSANE

Widow of Richard de Legerot  
Had Brilliant Career in New  
York, Entertaining Lavishly.

The friends of the late Richard de Legerot, Marquis de Croisic and of his wife, who was the beautiful and charming Miss Blanche Havel of Philadelphia, heard today with regret of her death at Newport yesterday. Once possessed of a large fortune which she and her husband spent magnificently, and the presiding spirit of the little Hotel Legerot at Fifth avenue and Eighteenth street, which was the joy of epicurean New Yorkers for the short three years it lasted, the Marquis de Croisic died poverty-stricken in an insane hospital.

After the death of her husband, who was at the end of the owner and manager of the Hotel Raleigh, next door to the Broadway Central, she had supported herself by working as a clerk in a Newport book store.

The Marquis de Legerot came to this country after unfortunate financial operations in Paris. His marriage to Miss Havel made him rich again, but not rich enough to keep up indefinitely the lavish entertaining he did in New York. He built and managed the Hotel Croisic, in West Twenty-fifth street, opposite the old Delmonico's, which was his

most cherished resort. In 1901 he built the little Legerot, and three years later he was temporarily bankrupt and the place was closed.

With his wife, he moved to Newport, established the Hotel Legerot there, and made it popular with the society colony. But it failed, and he came back to New York and undertook to make the Raleigh popular in the wholesale dry goods district. There was nothing left of the investment after his death.

## POSAM MAKES THE SKIN CLEAR AND HEALTHY

A clear and healthy skin is surely a blessing and thousands to-day owe their enjoyment of such to the wonderful curative properties of Poslam, the unequalled skin specific.

All skin diseases, including acne, letter, poriasis, piles, skin-scale, salt rheum, barber's and all other forms of itch, are quickly eradicated by Poslam. Minor troubles, such as pimples, red and inflamed noses, rashes, dandruff, complexion blemishes, etc., respond so readily that overnight treatment is often sufficient.

POSAM SOAP used daily for toilet and bath will keep the skin in healthy condition, and improve its color and texture. It offers the healing medication of Poslam in a form particularly beneficial for tender skin and eruptions and scalp troubles.

All druggists sell Poslam (price 50 cents) and Poslam Soap (price 25 cents). For free samples, write to the Emergency Laboratories, 52 West 25th Street, New York City.
